Notes:

Mrs. Belle Ross Neal doesn't appear in the 1910 Census. She does show up in the house in the City Directory. It would still be her and her two daughters.

William T. Whitson doesn't appear in the 1910 Census. There were four members of his household in 1910. He would have been a renter, and rented smaller houses other years, so four residents of the house in 1910 is a low estimation; there may have been other residents in this large house.

William J. McCoy doesn't appear in the 1910 Census, but is in the 1910 City Directory at this address. The minimum number of people in this house would be him, his wife, and two children.

819 Luttrell Street was vacant the month the 1910 Census was taken. As a correction, the family living there in 1909 has been substituted.
